### **Crema Marfil From Rococo Stone Traders**

Crema Marfil Marble (also known as Crema Marfilisa, Crema Morvil, Creme de Ivoire) slabs, tile and fabricated crema marfil countertops and vanities are now available globally from Rococo Stone Traders, Inc., <http://www.rococostonetraders.com>. Rococo Stone Traders Inc. is the premier resource for top-quality marble, granite and natural stone materials from all over the world. Our goal is to bring you the highest quality Crema Marfil Marble in the world at the best possible price.

### **Crema Marfil Qualities**

Crema marfil has hues of cream and a honey glow that makes it one of the most sought out stone materials in the world. Crema marfil is not a monotone stone, but has beautiful soft, natural veining throughout the stone material. Rococo Stone Traders' Crema Marfil goes through a selection process that is second to none. It is available with a honed, polished, or antiqued finish, and the quality is the best available to you in today's market. High Grade Crema Marfil is not easy to find today, and only a hand full of quarries in Spain can produce select or high grade Crema marfil marble. Rococo has teamed with Spain's Lymjar Natural Stone Quarries, enabling them to supply the world's best Crema Marfil Slabs and Tiles.

### **Crema Marfil Finished Products**

In addition to Crema Marfil Slabs and Tiles, Rococo has recently introduced fabricated counters & vanities available in 106" x 26" sizes. These Crema Marfil countertops and vanities are available to you as fabricators and end-users, practically eliminating any waste. A large variety of edge finishes & thickness from 1-3 cm are available to you, or completely customized & processed as per your requirements. Vanities come in honed or polished finishes including edges, sink and faucet-hole cut outs, back splashes and more. Contractors can order complete custom countertop systems ready to install with no other fabrication work necessary before installation.

Whether you need Granite Slabs or Countertops from Brazil, Vanities from China, or Marble tiles from Italy or Egypt, Rococo will produce, cut and fabricate marble & granite materials for you directly from our quarries and our partner's factories. Our capabilities and facilities are a perfect match for customized projects of any size.
